Group Meditation Work

August 6, 2013 through September 4, 2013

Only by one's own hand, only by one's own will, only by one's own striving, only by one's own work can the spirit become a conscious co-worker of the Infinite. The lever will descend upon the constricted horizon, to devastate that which obscures the course of evolution. But the lever of the actions of the full life, affirmed as a union with the higher sphere, will descend as the regenerating Fire. *Infinity I*, 33

September 5, 2013 through October 4, 2013

The nature of Kali Yuga is characterized by a division of the entire organism into its component parts. But the Blessed Mother arises at dawn in order to gather these scattered parts of the One Being. The Mother of the World attracts the attention of nations and awaits the Star of the Morning. *Fiery World 1* 401

Working With The Cycles--Being The Flow

Here comes Leo II. The exact time of the full moon is 6:46 PDT on Tuesday August 20. **That is slightly less than 2 days before the Sun enters Virgo.**

What to make of this timing? First, it is not a coincidence. There are no coincidences. This alignment was/is a pre-known event just as the two full moons in Leo and the appearance of the Grand Sextile were pre-know events.

The first Leo was on July 22 @ 11:17 AM PDT. Seven days later, **midway into the outbreathing cycle of Leo I**, we had the alignment of the Grand Sextile. Nine days after that we had the new moon in Leo on August 6 @ 2:52 PM PDT **starting the inbreathing cycle which will culminate at the upcoming Leo II moon.**

This alignment condenses, focuses and directs an enormous amount of Light. This Light streaming through that Great Chain of Sun Hearts we call Constellations has entered the toroidal field of our Planet. As the Sun moves into Virgo, this Light will be driving what the Fiery Warriors accomplished in Leo. In Virgo, those accomplishments, the decisions made, the actions taken, will be made manifest or born.

The Cycle of Out Breathing or Birth The cycle of birth, or the outbreathing cycle is from August 20 through September 4. These 15 days will be of the utmost importance. We are Fiery Warriors. We know that Light is Fire, and it

does seem quite possible that there is enough Fire here to bring the Satya Yuga, the Golden Age, to actual dense physical birth, as a tiny baby to be sure, but as a manifested fact. "The Fiery Warriors are often called by this name because Satya Yuga begins with the approach of the element of Fire. Then those gather who are imbued with that penetrating element." *Agni Yoga, 307.*

Another bit of Master M's guidance is appropriate here:

"The heart in its full significance is a transmuter and a condenser. Often these processes happen to be so strong that human strength cannot suffice to contain and endure the tension. From antiquity has come the prayer about resigning one's spirit to God. One should understand truly this surrender of the spirit. If you feel an unbearable anguish of the heart, transfer it mentally to the Lord. Thus you may join your heart with the Inexhaustible Source-Hierarchy. **Such action may be particularly needed when the tension of the entire planet is great. One must be prepared for the most diversified influences, both cosmic and human.** The adherence of the heart to Hierarchy is a continuous action, but at present We are pointing out particular instances when it becomes necessary to strengthen the heart with the manifestation of Hierarchy with especial clarity of consciousness. Many will not understand how one can strengthen the heart by thought because for them, the heart is but a physical organ. But whoever has felt Our currents will understand the meaning of this bond. The World is living

through such a tension that it is timely to remind ourselves about the necessity of readiness for such communions. The Fiery World must be evoked in full consciousness. In case of need, one may even orally address the Lord. Upon all steps of Hierarchy there is the same transmission and communion. And how majestic is this Ladder of Immeasurable Help." **Fiery World II, 94.**

Other very telling aspects of the initiating significance and importance of this particular period of time and this particular alignment of Luminaries is seen in the 3, 9, and 27 year Solar Energy Wave cycle. (I have attached a chart of that Wave Cycle for those who may not be familiar with it.)

The 3 year Solar Energy Wave cycle reaches its trough or valley in 2013. "When an energy wave emanates from the sun, the point of maximum intensity is when the crisis ensues, as this is when it impacts the form world. **Yet the moment of creative opportunity, of silence and of deepest contact with the emanating source, is at the valley point of the cycle. This is the place where the creative worker, the magician occultist should be (but is rarely found) positively generating the new initiatives which will take form at the peak point in the cycle.**" Solar Energy Wave Cycles, attached

Again, the occurrences of such conjunctions or crossings are not coincidental. They have always been known well in advance of their occurrence by the Planners and are a significant aspect of the timing of the Unfolding Plan. These conjunctions present us—Humanity, and particularly those of us who are aware of

and work with the multi dimensional reality of our Cosmos—with opportunities for effective action. The opportunities are there. The needed actions are ours to take or not.

The Solar Wave 3 year cycle is presently moving out of its Valley where we are and have been working very diligently. We can see that it approaches its peak in November 2014. This is the period in the U. S. when we elect the members of the U.S. congress who will serve during the 2015-16 sessions. The 3 year cycle peaks in January of 2015. This is when the elected members are sworn in to their respective congressional seats.

If we have done our work, both subjective and objective, the new Congress will be more consciously imbued with the energies of the Principles and Laws that are bringing in the Satya Yuga. This is a great opportunity to build the conscious power centers necessary for the 2025 Hierarchical Conclave.

Again, these conjunctions are not coincidental. They clearly indicate the opportunity. I guess it is kind of lame to say that when one has the Luminaries of Fire at one's back, the iron is obviously hot. It is time to strike with maximum Intention, Consciousness, and Love.

Looking a bit further into the future, we can see that the 3 year cycle reaches its valley in 2016. This will be the year to do the necessary work to ensure that the elections of 2016 produce a relatively enlightened leader for the 2017 inauguration. It is also notable that the 2017 inauguration occurs when the 9 year cycle is in the valley, and leads into the peak of 2021. The election

cycle of 2020 will probably be the most important election of our entire history, leading as it will into the election of 2024 which will elect the President of the U.S. who will be in power in 2025.

A Note of Vigilance and Caution

We are all aware that the planet is under great strain. We remain joyful and certain of our coming triumphs. However, being disciples who walk the narrow razor edge

Path of Free Will, we will also remain just as conscious of the cruelty, pain, and suffering of the world.

To become lost in the light supernal is not a prerogative for Fiery Warriors. We strive not for our glory and Joy but for the release of the prisoners of the Planet. This striving is the source of the power of Love. We live to serve. This is what makes Joy a Special Wisdom.
